givejedahand Not in our #lifetime, you say? #NoPROBLEM says #CAMH #Brain #Disease #Psychiatry. Thanks to #transforminglives,, that won't be #long at all! If #CAMH Psychiatrists - especially former CEO Paul Garfinkel - had been #clientcentred as opposed to #corporate client-centred and had developed the hospital accordingly it need never have become the #nexus of a #condo #wasteland a grotesque #travesty of a #JaneJacobs #mixedneighborhood. As long as #CAMH remains #SCAMH - a #cult #compound for the #welltodo #unwell right across #QueenWest from their favorite #bars and #boutiques - #Parkdale is #atrisk of becoming an #expensive #hole like #QueenWest and #Ossington - and in the shortest unhappiest lifetime!
